24mos vs. 2T

~24mos is made for younger girls who have small shoulders, short torsos, and a big chest & tummy.

If you are unsure of a size, please include measurements with the order.

If you need a leotard with a larger girth/crotch measurement, please order **“EXTRA LONG”** and send me the girl’s girth measurement.

For the tall and thin girls, please order a size that fits their chest & waist measurement and then order that leotard **“EXTRA LONG”** and add their girth measurement to the order form.
